## Eli Rules

Leave it to food-guru Eli Zabar to breathe new life into what was once Eli's Restaurant. The one-of-a-kind food entrepreneur, known for his extraordinary breads, rooftop greenhouse gardening, and relentless pursuit of quality, has renovated and renamed the restaurant, Taste. Taste morphs its versatile dining space depending on the time of day.

Weekdays, Taste is an informal self-service café, and on weekends serves a seated brunch.
